EDUCATION

LAKIREDDY BALI REDDY COLLEGE OF ENGINEERING

- Bachelor of Technology in Information Technology (CGPA : 8.56 at Present)

NARAYANA JUNIOR COLLEGE

- Intermediate in MPC with 71%

D A V PUBLIC SCHOOL

- 10th Standard in SSC with 90%

WORK EXPERIENCE

Edubot Software & Services | INTERN | Vijayawada, India

Dec 2024 - Present

- Frontend development - Developed and optimized frontend pages using ShadCN, TailwindCSS and typescript. Collaborated with teams to ensure seamless routing techniques, and improve performance, accessibility, and cross-browser compatibility

Smart Home & Industrial Solutions | INTERN | Vijayawada, India

May 2024 - July 2024

- **Artificial Intelligence Of Things** - Developed a Smart Health Care security system using AIoT to Detect Body Temperature. Gained experience in integrating IoT devices with AI technologies.

PROJECTS

Blood group Recognition through Fingerprint

- **An IoT and Deep Learning based project**- Developed an IoT-based system integrating deep learning models to analyze biometric data from fingerprint sensors and predict blood groups. Combined DL and hardware integration for accurate and efficient results.

College ERP Portal

- **MERN stack Project** - Developed a project featuring dedicated portals for students and faculty. Introduced innovative functionalities to address limitations of traditional ERP systems, enhancing user experience, data management, and accessibility.

Smart Health Care Through AIOT

- **Artificial Intelligence Of Things Project** - Developed a Smart Health Care security system using AIoT to Detect Body Temperature. Gained experience in integrating IoT devices with AI technologies.

URVERSE - A Movie Ticket Booking Website

- **A Java Backend Project** - Designed and developed a Java backend project for booking tickets to movies, concerts, and shows, with features to apply discount coupons. Utilized SQL for secure data storage and efficient ticket management.

SKILLS

- **Languages** : C, Java, Python, JavaScript
 - **Tools** : MsOffice, Figma, Canva, Autocad, Photoshop, StartUML, MatLab
 - **Technologies** : HTML, CSS-Bootstrap, Tailwind CSS, SQL, MongoDB, Node JS , React JS, Express JS, TypeScript , Networks , UI/UX
-

CERTIFICATIONS

- Achieved python(basic) certificate in Hackkerank.
 - Achieved CISCO CPA: Programming Essentials in C++
 - Achieved CISCO Python Essentials 1
 - Achieved Cloud Skills Challenge: Azure AI Fundamentals By Microsoft
 - Mastering Figma : Beginner to Expert UI/UX Design - By GUVI
-

ACHIEVEMENTS

- WINNERS OF SMART INDIA HACKATHON 2024 - HARDWARE EDITION (TEAM LEADER)
- RUNNERS IN INNOSTES SOLUTIONS PVT LTD HACKATHON (TEAM LEADER)
- Conducted Medha Quiz in National Level fest (Lakshya-2k25)
- Conducted Internal Hackathon as Student coordinator(HACKIT-2k24)
